1 A BILL FOR AN ENTITLED: "SAVE THE WOLVES STOP THE KILLING OF THE  
2 AND THE WORLD"

3 BE IT ENACTED BY THE MONTANA YMCCA YOUTH LEGISLATURE:

4 NEW SECTION. **Section 1.** The purpose of this bill is to make it illegal to kill wolves  
5 until they are off the endangered species list for ten straight years.

6 NEW SECTION. **Section 2.** Wolves bring in an estimated \$35 million dollars a year to  
7 the state of Montana through tourists. Wolves also help keep the elk and deer population down.  
8 Wolves also create many jobs. Many people are needed for wolf management Without wolves  
9 many people would lose their jobs.

10 NEW SECTION **Section 3. Fiscal Note.** To manage wolves it costs between \$913,000  
11 and \$954,00 a year. This bill would need financial backing from congress. However it would  
12 bring in more jobs and a lot of money to the state of Montana. Without wolves our state would  
13 ultimately lose jobs which would make us lose money.

14 **Section 6. Effective date.** This bill will become effective June 1, 2009
