A BILL FOR AN ACT ENTITLED: "Add the Absaroka-Beartooth Wilderness to Yellowstone National Park"

BE IT ENACTED BY THE MONTANA YMCA YOUTH LEGISLATURE:

Section 1. The Absaroka-Beartooth wilderness, which adjoins the northern boundary of Yellowstone National Park, is a 943,626-acre expanse of alpine lakes, sweeping tundra, steep canyons and dense forests.

Section 2. Deals will be sought to buy the property, and Montana would sell the wilderness to the federal government (which administers the National Park Service).

Section 3. The proposed actions in this bill will be enacted as soon as legislation is passed.
