14 A BILL FOR AN ACT ENTITLED: "CONSTRUCTION OF AN AUTOMATED
15 AUTHORIZATION FOR TREATMENT DATABASE TO BE INTRODUCED IN ALL
16 PUBLIC INSTITUTIONS"

17
18 BE IT ENACTED BY THE MONTANA YMCA YOUTH LEGISLATURE:

19
20 **Section 1.** The more or less gradual and steady compilation of authorization for
21 treatment into a complete public database would diminish the number of cases where the
22 aforementioned subjects of public institutions are placed in preventative discomfort.

23
24 **Section 2.** This initiative would jointly not be a pressing or inconvenient task because it
25 could be a mandatory process that is a duly non-immediate demand. The database would provide
26 a quicker and more organized way of gaining permission in preventative cases of suffering, and
27 could allow users to promptly note allergies and precautions for victims in need of medical
28 attention.

29
30 **Section 3.** The actual database software would be universal and thus adaptable for use in
31 all public directories that adopt the system.

32
33 **Section 4.** This bill is to be in effect upon passage.
