

Timothy Denty
Park Delegation

Dear, Chocolate Hunters that Adore Rich Luscious Indulgent Edibles (Charlie)

I am Timothy Denty from the Park delegation and I believe that the use of short people in our community our being put to waste. I will speak on the behalf of dwarf treatment and will lobby to insure that they will be taken care of.

Currently in our local communities there are several midgets roaming the streets without a hope of what to do in life. These hobbits are starving and hungry with nothing in life to do because there are no jobs that their craft is suited to. As a lobbyist I believe that all people under 5 foot tall should be captured by the U.S. government and put to work in chocolate factories. These half lings will be well taken care of with all the chocolate they can eat, and all the Orca's they can watch. These little people will not be allowed to leave the premise of these chocolate factories as to not give away "super secret" chocolate recipes. These midgets will also be required to dress in white and brown suspenders, color their hair green, and paint their faces orange. They will be put in charge of by a tall man that likes to spontaneously burst out in song. As a result of doing this the quality of our nations chocolate will vastly improve, and these little people will be given jobs away from the big world. Alternative to working in chocolate factories include becoming leprechauns, hobbits, dwarfs, and target practice. I believe that it is in the interest of this nation to make midgets more adaptable and usable in our fast changing world.

In conclusion if you want to improve our nations chocolate quality than join me on the campaign to enslave the wee one of this world for the use of chocolate crafter
